THE KICKOFF

(By Barbara Johnson)

"No news is good news" is how the old saying goes; but this doesn't hold true around A. H. S. We always have good news except maybe that we lost the baseball game on Tuesday to Cumberland, 8 to 4. But I guess you can't get around a home run with two men on base.

The Tri-Hi-Y and the Hi-Y clubs were in charge of chapel Wednesday, Dr. V. W. Sears conducted the devotionals. The meaning and the projects of the clubs were explained in talks by students.

Misses Sylvia Burks, president of the Senior Tri-Hi-Y Club and Shirley Harris, president of the Junior Tri-Hi-Y, and Mrs. Louise T. Brown, sponsor of Senior Tri-Hi-Y, will leave Tuesday morning for Richmond where they will attend the Virginia District Y. M. C. A Model General Assembly. The Assembly is run as the Virginia General Assembly is.

At the meeting of the Commercial Club last week it was decided to undertake the project of mimeographing copies of the history of Hat Creek Church. This work is being done by the members on their own time as there is no time allotted them during school.

The girls' softball team has started practicing for their first game April 11. This will be played at Concord with the Concord girls.

There will be a canteen party this Friday night, sponsored by the S. C. A. Also, it was decided at the S. C. A. meeting that this year's officers would elect the officers for the coming year this Wednesday. these officers will make their campaign speeches in chapel on April 18.

In case you are caught anytime this week without anything to do try this tongue twister:

A flea and a fly in a flue
Were imprisoned, so what could they do?
Said the fly, Let us flee,
Said the flea, Let us fly;
So they flew through a flaw in the flue.

This Animal Never Sleeps

There is one animal that apparently sleeps without ever closing its eyes. It is mentioned by Ernest P. Walker, assistant director of the National zoological park, in a paper, "More About Animal Behavior." This creature is the African elephant which is a tiny mammal with an elongated nose which makes it look like a miniature elephant. "I have kept some in my den to move to the zoo at all hours of the day and night," Mr. Walker says, "and I have yet to see them with their eyes closed. This suggests that they probably sit above ground in more or less exposed conditions and are perpetually alert for danger."

Iron Rust Stains

The best method of removing iron-rust stains from an enamel sink is with the use of acids. Lemon juice or vinegar may be used if the stain is not too heavy. Let it stand for sometime, then wash away with water. A diluted solution of hydrochloric ("muriatic") acid applied with cotton on the end of a stick, may also be used if stronger acid is needed.

P. T. A. Meeting

The March meeting of the Appomattox P-T. A. was held in the high school cafeteria Tuesday of last week, with president Ivey Holland presiding over the business session. The program was arranged by the committee appointed to study the school lunch program, and three health authorities were heard. Mrs. J. C. Caldwell introduced Miss Mabel Todd, nutrient consultant, of the State Health Department. She tried to impress upon both parents and teachers the importance of helping children establish good food habits. She stressed the value of using the school cafeteria as a laboratory where health and food habits which are taught can be illustrated and practiced. With each she illustrated the values of a better foods.

The next two speakers were from the public relations committee of the Lynchburg Dental Society. Dr. Harry Shotwell, an alumnus of A. H. S., told of research into dental health. He presented Dr. Thomas T. Upshur, who declared that next to the common cold, dental cavities are the number one disease of the nation.

Information For Holders of Maturing Series E U.S. Defense Bonds

1. These bonds were first issued on May 1, 1941, and will mature beginning on May 1, 1951.

2. There are no restrictions at all on your right to cash your bonds.

3. You may hold the matured bonds for a further 10-year period and you will earn interest at 2 1-2 per cent for the first 7 1-2 years, and later at a higher rate so that the aggregate return for the 10 year period will be about 2.9 per cent compounded semi-annually.

No action is required to owners desiring to take advantage of the extension. Merely by continuing to hold their bonds the maturity owners will earn further interest in accordance with the following table:

Table of Redemption Values During Period of Extension
$100.00 Series E Bond.

Period Elapsed After Extension	Redemption Value
Less than 1-2 year	$100.00
1-2 to 1 year	101.25

8 1-2 to 9 years	125.33
9 to 9 1-2 years	128.00
9 1-2 to 10 years	130.67
End of 10 years (from date of extension)	133.33

4. Holders of matured Series E Bonds who prefer to have an investment paying current income may exchange them for Naroples (maturity value) or multiples thereof, Series G Bonds, which are redeemable at par at any time after 6 months from the issue date upon one calendar month's notice to the Treasury Department or a Federal Reserve Bank.

The Series G Bonds will mature in 12 years and bear interest at the rate of 2 1-2 per cent per annum payable by check semi-annually to the registered owner.

You have two calendar months to decide on such an exchange. The above information is being made available as a patriotic duty to our government and to clear up some confusion in the minds of the public as to their rights concerning maturing bonds.

If there is any additional information that you may desire we will welcome your inquiry.

The seven danger signals, that ACS says may mean cancer and certainly should mean a visit to your doctor, are:

1. Any sore that does not heal.
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge.
4. Any change in a wart or mole.
5. Persistent indigestion or difficulty in swallowing.
6. Persistent hoarseness or cough.
7. Any change in normal bowel habits.

Cancer Fund Drive Now on

The goal announced for the 1951 Cancer Crusade in Appomattox County is $840.00. Last year Appomattox County raised $840.00.

What is the one thing everyone can do that will definitely save lives from cancer? The answer, according to the Appomattox Chapter of the American Cancer Society, is to learn and observe cancer's danger signals. "Knowing the danger signals which may mean cancer and seeing a doctor when one appears would result in saving thousands of lives every year," the chapter stated. "Early diagnosis and prompt treatment could double the figure of 70,000 cancer cures annually. Because of this importance of this part of the ACS program we consider it the first objective in the 1951 Cancer Crusade."

Mrs. E. Carroll Smith, local publicity chairman, explained that pamphlets listing the danger signals would be distributed throughout the community during the Cancer Crusade. "We believe it is just as important for people to learn the danger signals as it is to contribute money to the American Cancer Society. When a solicitor leaves a leaflet at your home, a few minutes spent in memorizing the seven danger signs might well be invaluable to you. It could mean the difference between life and death!"

The seven danger signals, that ACS says may mean cancer and certainly should mean a visit to your doctor, are:

1. Any sore that does not heal.
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge.

Calvin Robinson Wins Award As Radio Commentator

Calvin Robinson, editor of the Times-Virginian, was honored last week when the Associated Press Broadcasters gave him first award for News Commentary among the Virginia radio stations serving less than 25,000 families. Dr. Douglas S. Freeman, of Richmond, received the similar award for stations serving over 25,000 families. Mr. Robinson's Friday night broadcast, called "The Country Editor' over Radio Station WWOD, Lynchburg, was selected for this award, by three judges from Baltimore stations.

Mr. Robinson has had his Country Editor program at 7:15 each Friday night over WWOD for nearly two years. It is a comment on world affairs from the viewpoint of the "grassroots." Radio stations made recordings of their entries, and the judges listened to them before making their selections. WWOD also won awards for four other of its programs.

Veterans Class In Contest

Veterans enrolled in Institutional On-Farm Training in Amherst County High School scored 1148 points out of a possible 1500 to win the regional forestry judging contest held in the Appomattox - Buckingham State Forest.

Members of the winning team are Robert L. Burford, Ernest R. Shelton and James W. Carter, of near Amherst. The highest individual score of 395 points was made by Burford, followed by Shelton with 381 and Smith with 372 points. The team is coached by C. B. Feagans, Jr., assistant instructor of vocational agriculture. The Worsham team, Prince Edward County, was second place winner, with the team from Buckingham Central third.

Teams from six counties: Amherst, Appomattox, Botetourt, Buckingham, Cumberland and Prince Edward participated in the contest. The winning team will represent this area in the state contest which will be held near Lynchburg in May.

The contest consisted of estimating tree volume in board feet for saw lumber, estimating tree volume in cubic feet for pulpwood, tree identification, take or leave for a thinning operation and area measurement by pacing.

The forest area was selected and marked by R. P. Brierly, District Forester, and Warren Smith of the Virginia Forest Service. The contest was conducted by O. L. Waddell, District Supervisor of vocational agriculture, Appomattox.

Supervisors Adopt Budget; Discuss Roads

A large body of citizens attended the regular meeting of the board of supervisors yesterday at the court house. The occasion was the annual road meeting with the state resident highway engineer to discuss secondary road allocations.

Nine petitions were offered, asking for surfacing of roads in the county. Most of them were backed by delegations of citizens.

Of interest to many were the requests for hard-surfacing in the area out from the state lime plant near Mt. Comfort Church. Also was the urgent need for 2.4 miles of hard-surfacing for the newly constructed pump station plant of the Transcontinental Natural Gas Pipeline.

The natural gas pump station represents an investment of some two millions of dollars, and is bogged down in mud much of the time.

Lack of funds discouraged most of the petitioners. The supervisors asked for a study of what, if anything can be done, and decided to have a night meeting on April 25 to act on recommendations.

The board adopted the new county budget, and set the tax levy at $2.15, same as last year.

METHODIST CHURCHES SET TRAINING SCHOOL

Memorial Methodist Church, Appomattox; the Appomattox Methodist Circuit Churches, and the Pamplin Methodist Circuit are co-operating in a Training School for Young People of ages 15-24, and adults of any age April 16-19. The Appomattox Sub-District is co-operating the two courses for young people, "Youth and Worship" to be taught by Mrs. John Davis of Lynchburg, and "Youth and Recreation" to be taught by Major Charles A. York, to Counselor selected young people of eight participating churches.

The pastors of the three charges are sponsoring the course for adults and young adults. Dr. H. Conrad Blackwell, of Lynchburg, will teach the course, "The New Testament in the Life of Today," to ages above 24.

The first class session each evening of April 16-19 will begin at 8 o'clock, and the second class session will open at 9:25 P. M. The school will open each night at 7:30 with a program directed by one of the three leaders in consecutive order. No one should miss the period from 7:30 to 8:00 P. M., when interesting programs will be presented.

No denominational emphasis whatever will be made at this school, which is open not only to Methodists but to any others who may wish to avail themselves of this learning opportunity.

The co-operating pastors are the Rev. L. F. Callaham, pastor of the Appomattox Circuit; the Rev. T. Leighton Simpson, pastor of the Pamplin Circuit, and the Rev. R. Carl Maxwell, pastor of Memorial Methodist Church, Appomattox.

ABBITT TO ADDRESS TOBACCO GROWERS

Congressman W. M. Abbitt will address a meeting of tobacco growers at the court house on Friday night, April 13, at 8:00 o'clock. Mr. Abbitt will talk on the tobacco situation and outlook and also on the Federal Crop Insurance program.

The meeting is being called by the Appomattox PMA County Committee in connection with the 1951 Crop Insurance sales campaign which closes May 5. J. N. Jennings, secretary of the Appomattox PMA County Committee announced that all Appomattox County tobacco growers are urged to attend this meeting. Congressman Abbitt is on the House Agricultural Committee and is up to date on all bills relating to agriculture.

J. B. Farrar, state director of the Federal Crop Insurance Corporation will also address the group.

The Federal Crop Insurance Program for tobacco has been in operation in the state since 1945 and in Appomatox County since 1948. Congressmen Abbitt sponsored legislation giving insured producers fire coverage and extending the insurance period from harvesting time until the crop is sold.
